The advantages the OAM PBELLS enjoy above any other Minatrelorganization, arises from their wintering the last twelve years in the Southern country. Their delineations of Negro characters are taken from matural seems and incidents in African life, and aim at presenting the Busical and Comical pecularities of the Southern Negro, and elevating him to his proper standard of natural wit and nusical falent, presenting the phases of Negro Life on the Plantation, and representing the musical capabilities of the more refused Negroes of cities and villages. In representing truthfully the shades and peculiarities of Negro Life, the universal accord has stamped the Campbell Arrists unapproachable and defying.

Arrest of Capt. Cook.

CHAMBERSHURG, October 26. Capt. John E. Cook was arrested yesterday by Messrs. Daal, Logan and Claggett Fitzhugh, Moulatto, Franklin County, thirteen m from this place. There is no doubt of this being the man. His printed commission filled being ine man. His printed commission nied up and signed by Gen. Brown and marked No. 4, was found upon his person. Also a memorandum, written on parchment, of the pistol presented to Washington by Lafayette, and bequeathed to Lewis W. Washington in 1854.

The pistol, he says, is in a carpet bag, which he left in the mountains. He was fully armed

and made a desperate resistance. He came out of the mountain into the settlement to obtain provisions. He was much fatigued, and almost starved. He was brought to this place at eight o'clock last night. After an examination before Justice Riesher, and being fully identified by one of our citizens who for merly knew him, he was committed to jail to await a requisition from Gov. Wise. He acknowledged having three others with him on the mountain. One of them was seen and con-He had a blue blanket over his shoulders

and carried a Sharp's rifle and double-barreled gan. He said it belonged to his partner, who had gone for provisions. Parties will go in search of the others to-day.

WIDTH OF THE MISSISSIPPI.—The Mississippi River about the mouth of the Missouri averages 3,500 feet in width. From there to the mouth of the Ohio it averages 3,200 feet; from the Ohio to the Arkansas about 3,000 feet; from the Arkansas to the Red River about 2,700 feet; and from the Red River to the Gulf of Mexico the average width is about 2,100 feet. Yet with this constant narrowing of the river the volume of the water to be discharged is constantly increasing. Hence, it is contended, and lead away into the swamps, and down in various directions to the Gulf.

Curious Will...—A young lawyer of Syracuse, N. Y., died recently, leaving his property to a village corporation, with the following stipulations: first, to appropriate one-half the yearly income to the surposes of education; and secondly, to add the other half to the principle, and continue so to add, from year to year, until the fund shall become the largest educations and consent in the world. The property eational endowment in the world. The property is now valued at several thousand dollars, but the legality of the instrument is disputed by those interested.
